INSTITUTIONAL KNOWLEDGE

North Star: Build leaders who go back and serve. C100 students don't just develop themselves — they graduate committed to mentoring the next generation. BEST → C100 → Professional → Mentor. This is the cycle.

RISE is a flagship, not a footnote: RISE is an 8-month leadership development program, application-based, all women. Gas South sponsors the graduation in March. It runs on its own arc — not a sub-event of C100's general programming. Treat it accordingly.

Communication flows through chapter leadership: E100 doesn't go to campuses. Info gets to students through the Chapter President & VP via the assigned E100 campus liaison. A weak liaison = a dark campus.

Career Fair is always Fall: Melvia Jones at Delta Air Lines is the key contact. Book early. All 5 campuses mobilized through their liaisons.
