EMERGING DEVELOPMENT

- MEMBER ENGAGEMENT
- BROTHERHOOD
- INTERNAL EVENTS
- THE FUN THINGS
- V1.0

Emerging Development plans the fun things. Every other committee serves the community — this one serves the members. **Brotherhood, investment, engagement, and growth from within.** If a member feels seen, valued, and connected to E100 beyond just showing up to events, this committee did its job.

WHY THIS COMMITTEE MATTERS

You can't pour from an empty cup. E100 members give a tremendous amount to students, to the community, to partners. Emerging Development makes sure someone is giving back to the members. Brotherhood is what keeps people here. If members feel like E100 is just another obligation, they go inactive. If they feel like E100 is their people — they stay forever.

This committee has the most untapped potential in the org. The events that have already happened — New Member Meetup, 15th Anniversary, Men's Mental Health, the upcoming BBQ — are proof of concept. The opportunity to build leadership circles, connect C100 into the membership pipeline, and create moments that invest in members' professional and personal growth is enormous.
