THE OPERATING PRINCIPLE

Partnerships raises the money. Gala runs the event. The Gala Chair owns every decision about the event experience — venue, run of show, vendors, scholar recognition, speaker, décor. The Partnerships Chair owns every sponsorship relationship. They coordinate constantly but have clear lanes.

The Gala is where everything comes together. BEST Academy students are recognized. C100 scholars are celebrated. Corporate sponsors see their investment on stage. E100 members are honored. The community sees who E100 is. This is the event that funds everything else — treat it accordingly.
