WHAT THE NEWSLETTER IS

The Newsletter is the corporate voice of E100. It is not social media. It is not a recap post. It is the monthly record of what E100 did — sent to every member, every partner, every sponsor, and every community stakeholder who has ever been in the room with E100. It tells the story with professionalism, consistency, and pride.

CADENCE**Monthly**

SEND DATE**30th or 31st**

If the 30th/31st falls on a weekend, send the Friday before.

LIAISONS**Daniel Farr + Dr. Tony Price**

Multiple drafts required before send. Both liaisons must approve.

VISUAL REFRESH**Annual**

Each year the Newsletter gets a design refresh. New look, same structure.

DISTRIBUTION**Newsletter + Social Blast**

Two lists — newsletter subscribers and social blast recipients. Both maintained annually.

Newsletter vs. Communications: Comms (Instagram + LinkedIn) posts in real time — event by event, photo by photo. The Newsletter recaps the entire month in one professional document. They pull from the same content but serve different audiences and different purposes. Most captions and assets can be sourced directly from E100's Instagram and LinkedIn.

Videos go to YouTube or link to Instagram. Any video content included in the Newsletter should either be uploaded to E100's YouTube channel or linked directly to the Instagram post. Never embedded as a raw file.
