THE STRATEGIC PURPOSE

These are not just parties. They are the community-facing fundraising arm of E100. Every event brings Atlanta's professional network into the E100 orbit — some as ticket buyers, some as sponsors, some as future members. The Social Fundraising committee is where E100 shows Atlanta who it is when it's not in a school library or a boardroom.

Relationship to Partnerships: Partnerships raises money year-round and knows most of the sponsors. Social Fundraising coordinates with Partnerships on sponsor outreach — they share the network. A Social Fundraising sponsor may also become a Gala sponsor. The Social deck is the entry point for companies that want brand visibility with a professional audience before committing to a larger program sponsorship.

The Holiday Soirée is the crown jewel. Since 2011. 14th Annual in 2026. 1,500+ attendees. One of Atlanta's premier December events for young professionals. This event has its own legacy, its own brand, and its own audience expectations. It must be planned and executed at the highest level every year.
